Is Your Business Stuck?

Are you looking for fresh ideas, strategies, and tactics to grow your business?

Do you want to reach a wider audience? Sell your products online? Generate more revenue?

Do you want to discuss your business challenges with people who can help you solve those issues and give you direction, support, and confidence?

Then join us for a half-day business growth event!

What does the day look like?

Learn From the Experts!

Included in the event are three presentations focused on growing your business, led by experienced marketing and business professionals, each geared to unleash your company's potential.

Join the Mastermind!

Based on feedback from previous attendees, the mastermind is "the most valuable part of the whole day. I wish it didn't have to end!" This is a time where you and the other attendees can share the very specific challenges you face to get feedback from our experts and your own business community.

Make Powerful Connections!

We'll wrap the day up with some more networking opportunities. You never know who you're going to meet at the Fast Forward Maine events...your next vendor, partner, or client could be sitting across the table from you!
